blood is impure. As well expect the sanitary condition of a city to be perfect with defiled water and defective sewerage, as to expect such a complicated piece of mechanism as the human frame to be in good order with impure blood circulating even to its minutest veins. Do you know that every drop of your two or three gallons of blood passes through the heart and lungs in about two and a half minutes, and that, on its way, it makes bone and muscle, brain and nerve, and all other solids and fluids of the body? The blood is the great nourisher, or, as the Bible

with pain" is the sad ery of many a victim with pain" is the sad cry of many a victim of rheumatism or neuralgia, and frequently other diseases, such as kidney and liver complaints, are directly traceable to rheu-matism or neuralgia. These diseases, for some unexplainable reason, are rapidly in-creasing, and in many instances are the direct cause of much sickness, which sa hides its real origin as to be mistaken for other diseases. In curing rheumatism, neuralgia, sick headache, and in many cases of kidney and liver troubles, Athlophoros has wrought wonders. Those who have used it are best qualified to speak of its merit.

Said Mrs. Smith, of Washington, C. H. Ohio, to the writer: "You can see I have been a great sufferer from neuralgia, by which I have lost the use of my left eye. was recommended to use Athlophoros, which I did. While it has not restored my eyesight it has rid meof theneuralgia. I have used only two bottles. It has done wonders for me, and I, as a long sufferer from neuralgia, would advise anyone suffering from the same to use Athlophoros.

Mrs. Ella Smith, 61 North Foster street, Springfield, Ohio, says: "I did have rheu-matism and very badly, but not since I used Athlophoros. It was almost miraculous the way the medicine drove the disease from my system. I had only taken a few doses before it seemed to grasp and master the disease. It acted so quickly I was almost afraid to continue with the medicine. I did, how-ever, by reducing the dose. Since that time I have been perfectly well and free from rheumatism. I only used a half bottle steadily until I considered myself cured; then I took a dose occasionally to make myself doubly sure that it would not return.

doubly safe that it would not return.

Every druggist should keep Athlophoros and Athlophoros Pills, but where they cate not be bought of the druggist the Athlophoros Co., 112 Wall St., New York, will send either (carriage paid) on receipt of regular price, which is \$1.00 per bettle for Athlophoros and 50c for Pills.

One View of Indias Advancement. I have lived in the Indian Territory for a number of years and have carefully watched the condition of the Indians, both of the wild and civilized tribes, and must that I cannot see the smallest signs of advance or improvement in their condition. I have heard on all sides when in the east the condition of the Creeks, Cherokees and Choctaws quoted as an instance of what the wild tribes are capable of

when placed in proper environment and unded by civilizing influences. This argument is specious, and calculated to deceive those unfamiliar The United Railways Terminal company with the subject. When the facts of the case are clearly stated the fallacy of this argument is at once apparent. The Indi-ans of Georgia and Alabama never were nomadic, always lived in villages, and nomadic, always lived in villages, and raised crops. Today they are exactly the same Indians they were when they left their homes. They have not made one step in advance, and show not the smallest sign of ever attaining any higher degree of civilization than they now possess. Although on a higher plane, they are as immovably fixed in their present condition as the plains and the mountain tribes, and

LOCAL NOTICES.

Mrs. Winslow's Soothing Syrup, for chidren teething, is the prescription of one of the best female nurses and physicians in the United States, and has been used for

effects and the protection it gives against this weakening and dangerous malady. It acts more promptly than calomel or quinine, without any of their injurious consequences.

There is no one article in the line of med icines that gives so large a return for the money as a good-porous strengthening plas-ter, such as Carter's Smart Weed and Bellaonna Backache Plasters.

Consumption Can be Cured, Not by any secret remedy, but by proper, healthful exercise, and the judicious use of Scott's Emulsion of Cod Liver Oil and Hy-pophosphites, which contains the healing and strength-giving virtues of these two valuable specifies in their fullest form. Pre-scribed by physicians. Take no other.

COCINE, IODOFORM OR MERCURIALS IN any form in the treatment of catarrh or hay fever should be avoided, as they are both injurious and dangerous. Iodoform is easily detected by its offensive odor. The only reliable catarrh remedy on the market today is Ely's Cream Balm, being free from all poisonous drugs. It has cured thousands of acute and chrome cases, where all other remedies have failed. A particle is ap-plied into each nostril; no pain; agreeable to use. Price fifty cents.
